2006 HOME CARE ELITE TOP AGENCY

The Basic Services

Skilled Nursing Care

The Skilled Nurse will manage your nursing care needs, and provide you with professional and quality services under the supervision of your physician.

Physical Therapy

When requested by the doctor, the Physical Therapist provides and educates the patient in self-care, mobility, safety, range of motion, and strength activities.

Home Health Aide

Our home health aides assist patients with bathing and personal care, light house keeping, light meals preparation, and other activities of daily living.

Speech Therapist

The Speech Therapist will help you in regaining essential communication skills.

Occupational Therapist

Occupational Therapists assist patients in improving and restoring lost or impaired functions, and to adapt to functional limitations affecting the activities of daily living.

Medical Social Worker

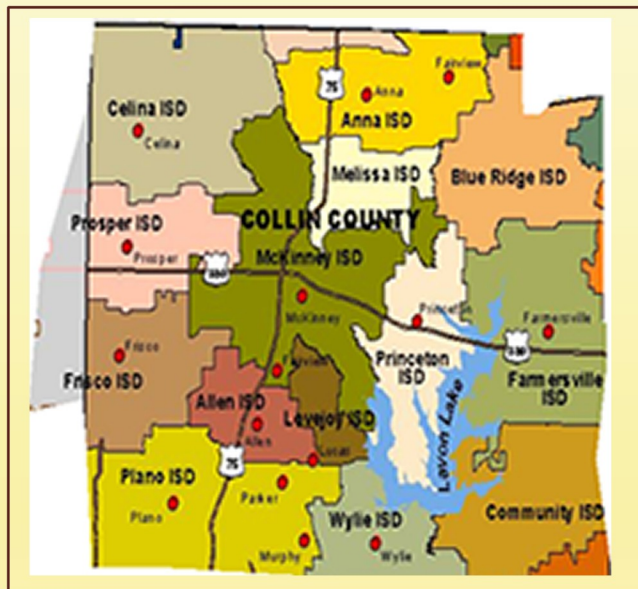

Medical Social Workers assist patients in securing community resources when needed. The medical social worker also helps the family to cope with the psychological hardship brought forth by the disease process.

Nutritional Guidance

Nutritional guidance is provided either by a registered dietitian or by your nurse, under the directives of your doctor.

Novel's Service Area

Novel HHA provides services in the Dallas/Fort Worth Metroplex. Our service area includes Dallas county, Collin county, Tarrant county, and Denton county. See maps** below for the communities that we service
